CHANGING LIVES, RENEWING FAITH

Rev (Dr.) Finnian Ebuehi

President/Founder Christ's Harvesters Ministries International

Matthew 24:14

And this gospel of the kingdom shall be preached in all the world for a witness unto all nations; and then shall the end come.

It is imperative for us, no matter what the condition of the places are, and no matter how far or secluded from the wider society the locations may be and irrespective of the tag or label that is placed on the people and their habitations, that we take the whole gospel to them in fulfillment of the command and promise of and expectation of our Lord and savior Jesus Christ. We endeavor to take the gospel to all the world. We are witnesses to all nations of God's love for his people and open arms waiting to receive those who receive Him. This news letter reports on this service to challenge and encourage all those engaged in the work of ministry.

The mission report that is released through this channel should help many in the faith to grow in their desire for service and contribution towards the service. (Continue on p.4)

Marriage ceremony

Of

Pastor and Mrs. Eddie & Kula Margao

As part of the activities conducted during his missionary visit to Bo, Sierra Leone March, 2013, Rev. (Dr.)

Finnian Ebuehi performed the formal installation of Pastor Eddie Margao as the regional missionary for the region. At the same time, the marriage of Pastor Eddie and his wife Mrs. Kula Margao was conducted and celebrated. A reception that took place at the city hall rounded up the celebrations.

Friends, neighbors and brethren were in attendance to witness and rejoice with the couple as they begin their journey to a new married life and commitment to a vibrant and promising Christian service.

With about 60% of the population Muslim and remaining 40% being Christians and traditionalists, she squares squarely in the 10/40 window for gospel impact. The ministry of the church is to do the work on a new church plant in Liberia. The leaders from this church plant also were in attendance at this leadership forum. (see p.3)

Map of Sierra Leone

The need to extend the gospel to the people of this west African state is similar to those stated for the peoples of Sierra Leone. The population standing at about 3.5 million people half of which are youths under the age of 18 is rife and much ready and eager for more outreach efforts. This is important when we take into account that 40% of the popula-

tion are Christians and the remaining 60 % of the population split into 40 % professing indigenous belief and 20% being Muslims.

The command to "go ye and preach the gospel to all creatures..." is meant for all believers to obey. It is my hope that as you read and absorb/enjoy the contents and messages brought through this news letter, you will be motivated to obey and follow the Lord's command.

feet that would run to their aid Jesus. As specific localities and are identified, leaders are trained and sent to plough through the field with the aim of winning souls for Christ. Also, essential projects that will advance the lives of the people, such as schools, job skills and life support provisions are embarked on for the benefit of the people. It is the outcome of these activities that mission harvest news seeks to share with you and also invite you to join through your prayers and other ways in being the hands and feet, the eyes and ears of the Lord to the people we all are sent to reach.

Ensuring these lives are nurtured in the bread of life and have their thirsts quenched with the living water is the motivation for ministry in those regions. These high levels of involvement and commitment are maintained despite the dangers and other challenges confronted in working there. Christ's Harvesters ministries is firmly resolved to deploy all resources available to her to fulfill this onerous obligation to the glory of God the Father.

The work before us is extensive as well as expansive. It's growing and very productive. It gladdens the heart to see the Lord changing lives through His life and growing the faith of many others as a result of the impact had on lives being witnessed to. As the doors open we want to be ready to go in fully charged to render services with little encumbrances especially from our end. Through the years we look

As more hands are engaged, the response grows, the reach deepens and the outcome refreshes. However, the opposition also grows and the scope of attention drawn by the impact being made exposes the work and workers along with the subjects of the work to more danger. The challenges posed by these developments reveal the depth of the hunger, thirst and urgency with which we need to bring the gospel to the people of these regions. This is the motivation for doing what we do.

I welcome you to experience this journey with us. I look forward to hearing from you and hope your faith is challenged by the reports that you get. " He brought them forth also with silver and gold: and there was not one feeble person among their tribes." (Psalm 105:37).

I assure you that it is in God's plan that everything connected with this service bear his stamp of success and prosperity and so it shall be for you.

Stop Over In Paris, France

Part of the itinerary of the trip of the General Overseer took him to Paris, France. Fruitful meetings held were geared towards the growth of the ministry. Elder Francis of Christ's Harvesters ministries, based in Paris, was in full attendance.

CHM Church in Liberia on the front lines of Progress

Our Churches and Schools are growing. The Church plant in Liberia and the school started by the grace of God are employing some of the best means of reaching the people and supporting creative and productive lives among the populace. The interest shown by the people and support garnered in getting the work off the ground is amazing.
